 Fresh Phase 1-4 c/w 5-2018 (Midwest Aviation)  
 High Mod and Service Bulletin Status  
 RVSM Certified

## ABOUT VECTOR VMAX PROGRAM

Vector's VMAX program is an optional pay-per-hour engine maintenance plan designed for corporate and general aviation operators of the Pratt & Whitney Canada (P&WC) JT15D engine model and the P&WC PT6A engine.

The VMAX program is offered in four different levels, allowing you to select the coverage that best meets your individual needs.\*

### VMAX benefits:

- A budget plan for major engine maintenance for which the operator pays monthly based on engine hours flown
- Guaranteed long term engine maintenance cost protection
- Effective budgeting and smooth cash flow
- Virtually eliminates engine maintenance cost surprises
- A plan for major engine maintenance for the life of the engine
- Transferable to next owner/operator
- Renewable at contract expiration
