2002 CITATION BRAVO | S/N 550-1018

OVERVIEW

Valor is pleased to offer this 2002 model Citation Bravo, serial number 1018. This aircraft is equipped with the Garmin ADS-B solution with the Garmin Flight Stream 110 Bluetooth Gateway. Brand new custom paint and interior in March 2020.

As the successor to the Citation II, the Bravo features more powerful and more fuel-efficient PW530A engines, resulting in a higher MGTOW, a faster cruise speed and longer range. The engineers designed the cabin to be very quiet, fitted with bagged insulation and an isolated interior shell to eliminate the low-frequency engine fan noise common in small private jets. Additionally, a secondary seal on the cabin door was added to cut wind noise.

A new style landing gear was incorporated in the Bravo design. The new trailing link gear allows the strut to absorb the loads of landing and taxiing over uneven pavement. In other words, the new main landing gear will make taxiing over uneven pavement and landings extremely smooth.

HIGHLIGHTS

- Power Advantage PLUS Program
- ADS-B Compliant
