CITATION XLS+ S/N 560-6037

OVERVIEW

Valor is pleased to offer this 2009 Citation XLS+, serial number 560-6037, to the market.

The XLS+ represents the third generation of the XL560 series, featuring FADEC engine controls, enhanced PW545C engines, and a completely redesigned nose, similar to those found on the Citation Sovereign and Citation X. The aircraft is equipped with fully integrated Collins Pro-Line 21 avionics, highlighted by a four-screen LCD EFIS display—an upgrade from the three-tube EFIS Honeywell Primus 1000 displays in earlier Excel and XLS models.

Certified for both FAA and EASA operations, the aircraft includes a robust suite of advanced technology, including the IFIS-5000, FSU-5010 File Server with Chart View, Dual FMS & GPS (WAAS/LPV), ADS-B, TCAS-II 7.1, FDR, and the **SmartSky ATG Wi-Fi** system.

With an interior refurbishment completed in 2017 and exterior repainting in 2020, this aircraft boasts a fresh, modern aesthetic.

HIGHLIGHTS

- ENROLLED ON POWER & AUX ADVANTAGE + & PRO-PARTS
- IFIS-5000 w/ FILE SERVER | ADS-B
- DUAL FMS/GPS (WAAS/LPV) | FDR
- TCAS-II w/ 7.1 | SMARTSKY ATG Wi-Fi

INTERIOR

Interior Refurbished by Cessna-Textron in 2017

This Citation XLS+ features an executive configuration for eight (8) passengers. The layout includes a forward 2-place divan, followed by a main cabin with 4-place club seating equipped with left- and right-side foldable executive writing tables. Two forward-facing aft seats complete the cabin seating, along with a private, serviceable aft lavatory and an upgraded sink with a granite surface.

Passenger seating is upholstered in luxurious Native Blackfoot leather, while the crew seats feature light grey sheepskin. The cabin is adorned with vineyard mauve sidewalls in a multi-diamond pattern, a textured tweed headliner, and gunmetal-plated accents. Flightline carpeting is installed throughout the cabin. The forward left-side refreshment center includes a hot liquid station, microwave, ice bin, multiple storage compartments, and a working surface, while the right-side cabinet offers additional storage. All cabinetry and woodwork are finished in high-gloss Ebony Elm veneer.

For entertainment, the aircraft is equipped with high-speed Wi-Fi and a Rosen View LX Airshow with moving map displayed on a 10.5-inch LCD located on the forward right-hand bulkhead.

EXTERIOR

The exterior is finished in Overall Snow White, accented with Aztec Silver Pearl, Dark Blue Metallic, and Black Metallic stripes.

The aircraft was repainted in October 2020, following the Cessna scheme.
